REMARKS

The pending claims stand subject to restriction into sixteen groups of inventions. Applicants elect without traverse the subject matter claimed in Group I (claims 1-5 and 7-23) for initial substantive examination.

The Restriction Requirement further states that claim 2 is generic to a plurality of patentably distinct species of proteins and subject to restriction. Applicants elect without traverse huntingtin for initial substantive examination of this claim.

The Restriction Requirement further states that claim 7 is generic to a plurality of patentably distinct species of polypeptide-binding molecules and subject to restriction. Applicants elect without traverse intrabody for initial substantive examination of this claim.

Applicants make this election expressly without waiver of their right to continue to prosecute and to obtain claims to the non-elected subject matter either in this application or by filing divisional or continuing
